Important Information Regarding Distance Learning

Please read the Distance Learning Guidelines developed by the St. Patrick School Staff and approved by the St. Patrick School Board:

- **Quarantine/Isolation**– Students will join the class online as determined by age and classroom schedule. The teacher will be given a 24 hour time period to get materials ready for the student.
- **Non-related COVID Illness**– If the student is not feeling good enough to come to school, we want the child at home resting. We will continue to use the same approach with sick students as we have done in the past.
- **Vacations**– A vacation is just that, a vacation. Parents need to notify the teacher in advance that the students will be gone and for how many days. The teacher will get the lessons ready for the child to complete in advance of the trip.

DISTANCE LEARNING WILL ONLY TAKE PLACE FOR COVID RELATED CASES.

A **HUGE** thank you goes out to BE Catered for the extremely generous **\$2000.00 donation** given to St. Patrick School. The catering company sponsored a “Feed A Farmer” event during harvest time, serving over 500 meals to farmers and families. A portion of sales was donated to St. Patrick School.

Mary Jo Kelly donated a set of Babysitter’s Club books to the St. Patrick School 3rd grade class. These books were purchased in memory of Marcia Prins and Marjean Fahey. Marjean was a “babysitter” (*daycare provider*) in our community for nearly 50 years! Pictured below is the 3rd grade girls along with Teri Kruger, the oldest daughter of Marjean and an associate at St. Patrick School.
